

## QUERYING AN ENVIRONMENTAL HEALTH OFFICER

Where issues arise with the Environmental Health Officer, you can use the same process as querying a care standards inspector.

However, in this case, you escalate it through the Chief Environmental Health Officer locally and then on to the Chief Executive of your local authority.

See our fact sheet (free download) on Querying an Inspector.

Visit [www.mulho.com](http://www.mulho.com) and click onto "links" where you will find links to environmental health, HSE, statutory instruments (the law itself) to help you understand more about these issues yourself
